Calisher's

NEED \$8,000,000 FOR EMERGENCIES

(Continued From Page 1.)
for the fairly at the rate of \$500 for each minor child, but in no case would this apply to more than two children. This would make the exemption for the family with two or more children \$5000.

Lobby Probers Best.
The senate committee in pursuit of the "lobby" heard the details of the nation wide and long continued combination advocates of free sugar made to remove the duty on that article. Frank C. Lowry, sales agent of the Federal Sugar Refining company, secretary and organizer of the committee of wholesale grocers, testified before the committee.

Lowry's examination featured the closing session of the committee. He told of his attempts to accelerate public opinion and to persuade congressmen and senators and spoke frankly of his efforts in the national campaign last fall. Lowry testified that he had conducted his fight solely for the Federal company and that other refiners had not figured in it. He thought the expenses had amounted to \$5,000 in four years, exclusive of his salary and commission as sales agent, amounting to about \$8,000 in that period.

After many questions by senator Cummins, the witness agreed that although the sugar refiners did not seem to favor free sugar, they would benefit only in a lesser degree than the Federal by a reduction in duty. Lowry said, however, that an official of the American Sugar Refining company, the so-called "trust," had told him that "free sugar would put us out of business."

The committee adjourned subject to call.

Need \$8,000,000 for Emergency.
Government departments urgently need \$8,000,000 and secretary McAdoo has asked congress to appropriate for deficiencies and emergencies. The interstate commerce commission needs \$1,000,000 for the physical valuation of railroads. \$1,000,000 must be had to repay Mississippi river flood relief expenses, for the war and navy departments, \$25,000 to begin the Arlington National cemetery memorial amphitheater, \$182,000 for the new department of labor, \$9000 for the Atlanta iceberg patrol, \$18,000 for the production cost investigation of the bureau of domestic and foreign commerce, \$1,000,000 for replacing stores destroyed in the Benicia arsenal, California, \$500,000 for various public buildings and \$45,000 for the civil service commission examination of all first class postmasters.

GOPHERS WEAKEN DAM AT TOVAH
(Continued From Page One.)
around the lower tank would carry off the waste water, and a force of men was started strengthening the dam. Before long it developed that gophers had riddled sections of the dam and leaks were in evidence in several places. Sappers were called and 100 men put to work. The dam was saved, but several times the men worked in water to waists, filling in with bags of sand.

Practically every portion of the county has been visited by good rains, and in spite of the damage that has been done, the outlook for the season has been brightened still further.

Heavy Rains at Pecos.
Pecos, Texas, June 20--Additional rains have fallen over this section this week, beginning Tuesday, and though not quite general, have been of wonderful benefit. Heavy rains are reported north of Pecos, and the river is out of its banks. It was reported that the dam at Arco had been washed out, and if this is so, the damage will be serious, for the farmers are depending upon this diversion for their irrigation. The prospects for the season continue unexcelled, both for stockmen and farmers.

Rain at Tombstone.
Tombstone, Ariz., June 20--Tombstone and surrounding country have been visited by a heavy shower, which greatly benefited the ranges.

ONE KILLED IN RIOT AT SPRINGFIELD, ILL.
(Continued From Page One.)
Grane and John Nelson, non-union men from St. Louis, were arrested and are held for the death of Wilson.

COURT SUSPENDS SENTENCE ON NEW JERSEY STRIKERS
Paterson, N. J., June 20--Thirty-one striking silk workers, members of the Industrial Workers of the World, who were convicted recently of unlawful assemblage were sentenced today to serve three months each at hard labor in the county jail. As soon as the sentences were imposed the court suspended their inflection, subject to the good behavior of the prisoners.

L. W. W. LEADERS FREED ON CHARGE OF MURDER
Lawwich, Mass., June 20--At a preliminary hearing three leaders of the Industrial Workers of the World, Nathan Hermann and Mr. and Mrs. Carroll Pingree, were freed of a charge of murder in connection with the death of Nicoletta Pandelopoulou, who was shot June 19, during a strike riot at a local mill.

They were held, however, on a charge of rioting.

STATE TEXT BOOK BOARD REFUSES HISTORY AWARD
Austin, Tex., June 20--The state text book board has adjourned subject to the call of the governor, without having made any decision on an advanced United States history for use in the Texas public schools. The board found that none of the books submitted were complete and an intelligent award could not be made at this time.

NO MAIL CAN BE SENT TO INTERIOR CHIHUAHUA
Don't send any mail to Chihuahua or interior towns of the state of Chihuahua. This is the sage advice dished out at the postoffice. The reason is that there are no trains to the interior and the only town in the state of Chihuahua where mail may be delivered is at Juarez, and the letters mailed at the El Paso office for Chihuahua City or other towns remain on this side, as there is no hope of delivering it at the present time.

J. F. Coles went to Clouderoff Friday to spend Sunday with his family.

DECISIVE BATTLE IS ON AT ORTIZ

(Continued From Page One.)
Ortiz and say that this will be the deciding battle of the Sonora campaign.

MANY EL PASOANS CALL ON DEL VALLE

Peace Commissioner Visits Juarez and Spends an Hour With Gen. Carranza and Col. Vasquez.

If president Wilson is getting all the information that his special peace commissioner, H. F. Del Valle, is having poured into his ear while in El Paso, the president will get no vacation this summer. There is a steady stream of callers at the Los Angeles attorney's rooms in the Sheldon and he is listening to all the various stories of Mexican conditions and events from various angles. He saw more than 50 men Friday and his room was besieged with cards, telephone calls and callers in person.

Friday morning he drove to Juarez and met Gen. Castro and Col. Vasquez, of the Juarez garrison, with whom he talked for more than an hour. He talked for more than an hour. He talked for more than an hour. He talked for more than an hour.

From C. P. Diaz, where he will make an effort to see Carranza, Del Valle will go to New Orleans and sail for Mexico City. He expects to be away from home a month, but thinks that two weeks in the Mexican capital will be sufficient. "I wish to get on the inside of the government there," he said. "That will take time but I think I can finish in two weeks. Further than that I do not know what my plans are."

SAYS VILLA WILL ATTACK JUAREZ SOON

Within 10 days Juarez will be in the hands of Pancho Villa and 5000 of his followers. Following that Villa

will repair the bridges on the National line and with his troops will journey to Chihuahua, capturing that city, declares William Munoz, living at 717 South Campbell street, who Thursday afternoon arrived at Juarez after making the trip from Chihuahua on a hand car with two Americans.

AMERICANS HELD; MEXICAN RELEASED

Laredo, Texas, June 20--C. H. Hippeau and Henry Crumpler, Americans who were taken prisoners by the rebels on the charge that they are in the employ of the Mexican government, were under detention at Colombia last night, in spite of their disavowals of the charges. Juan Bautista, a Mexican, who was also arrested with them, has been released.

TORRES TO COMMAND IN JALISCO

Douglas, Ariz., June 20--Gen. Luis E. Torres, formerly military governor of the state of Sonora, has been appointed commander of the military district of Jalisco by president Huerta, according to a letter received here, and has gone to that place to take command of the field operations against the "Constitutionalists."

Gen. Torres served as military commander of the first zone in Sonora for several years, and was appointed governor by Porfirio Diaz immediately after the resignation of governor Zabal. He held this position until ousted by the success of the Madero revolution. He then fled to the United States and has since resided near Los Angeles. His estates in the vicinity of Hermosillo, valued at 10,000,000 pesos, were seized by the state government.

TRAINS MAY RUN TO CHIHUAHUA BY MONDAY
Telegraphic communication could be had with Chihuahua again Friday morning, after the telegraph line had been cut all week. The Central is being repaired between Sanz and Villa Ahumada, and a number of the burned bridges were "shoo-fred" so that trains may be run around bridges while they are being repaired. It is expected to have trains operating on the Chihuahua division by Monday. The work trains are being guarded by troop trains, which patrol the railroad between Juarez and Chihuahua.

REALTY EXCHANGE MAY BE ORGANIZED

Local Dealers in Dirt Plan Forming a Million Dollar Company.

El Paso is to have a real estate exchange with a capital of \$1,000,000, if the plans of local realty dealers are carried out. Interest is being shown in the new venture and all of the regularly organized realty firms are to be members thereof.

The prime reason for the organization of the exchange is to eliminate the cut-throat brokers, who, the other men argue, are working to their detriment

by interfering with deals and frequently vouching them by constant interference. It is claimed the banks also are engaging in real estate transactions.

It is known that 10 of the largest real estate firms in El Paso have signified their willingness to become members of the new exchange, which will have an organized business for the mutual benefit of all those connected with it.

Sells Residence.
Michael Puzerli has sold to Francisco Yturrudin the six room house on Oklahoma avenue in Bassett's addition, on lot 28, block 23, for a consideration of \$1200. Hawkins Bros negotiated the sale.

Yale's New Building Done.
Yale's has a building boom as a result of the completion of the interurban line. The Home Improvement company has been organized, with Dr. B. S. White as manager, and the Gibbs tract of 30 acres in the old town had been purchased and will be subdivided into acre tracts. Four brick store buildings, to cost \$5000, will be built on the

main street by the improvement company, and the Yale's hotel, which is a part of the purchase, will be improved. The 30 acres were bought from J. W. Gibbs for \$25,000.

AUTO OWNERS ARRESTED ON CHARGE OF BLOCKING STREET
Parking automobiles on the streets in such a way as to block traffic must be stopped, the police say. Thursday afternoon, George LeBaron, G. L. Newman, R. A. Ramsey, W. J. Rand, Charles Kinkel, who the police claimed, parked their automobiles at the American National bank building so that traffic on Oregon street was blocked, were arrested. The police say that the cars were unable to pass, while other traffic was effectively blocked. The trial of the defendants has been set down for 4:30 o'clock this afternoon in the corporation court.

COURTMARTIAL IS HELD.
The general courtmartial is in session at the fort this week, with Gen. Hugh L. Scott, commander of the cavalry brigade, in charge as president.

Saturday Closing.
During June, July, August our store will close Saturdays at noon. El Paso Piano Co. advertisement.

A. N. Brown, traffic manager of the Southwestern, left for New York Friday afternoon.
B. Elmenthal and family will leave Saturday for Chicago, where they will visit their daughter.
